

Big Bright Beautiful World

It's a big bright beautiful world
With happiness all around.
It's peaches and cream
If a dream comes true.

It's a big bright beautiful world
With possibilities everywhere.
If true love is blind
Maybe you won't mind the view?

It's a big bright beautiful world.
I see it now, I'll let it in.
It's a big bright beautiful world
And it's mine... Oh it's all mine
And it's mine
All mine
