

This is Our Story

I waited all my life, lived it by the book
Now I know that's not my story
You take me as I am, love me as I look
Standing here in all my glory

I am sweetness, I am crazy
I'm a princess, and I'm lazy
I'm a mess of contradictions in a dress
I am sassy, I am sappy
When I'm with you I am happy
This is my story

You laugh at all my jokes even when they're lame
You don't mind that I'm not classy
We make a perfect pair, both one and the same
So in love and much too sassy

We are partners, we're together
I'll be right here, for forever
We have bold and brand new stories to be told
We will write them, we will tell them
You will hear them, you will see them
This is our story

And that is how the little prince came
To live in the castle with a beautiful princess
And a gingerbread man and a very handsome puppet
And an elf and a fairy godmother and a witch
And a wolf and three pigs

We are witches, we are fairies
We are weirdo's, I'm an Aires
We're a giant different sampler here to try

We are different and united
You are us and we are you
This is our story, this is our story

This is our story
